Installation - ALL FIXTURES MUST BE INSTALLED IN ACCORDANCE WITH CURRENT APPLICABLE ELECTRICAL CODES.

1. Nail-in the mounting plate to the ceiling joist. Measure the position of the opening on the mounting plate for each wall. (Fig 1)
2. Install the drywall on to the ceiling. (Fig 2)
3. Cut-out a circle where the mounting plate opening is located. (Fig 3)
4. Pull the supply wire through the cut-out hole. Do the electrical supply connection in the detachable junction box (Note: A licensed electrician must do the connections as per the local electrical code). Insert the junction box into the ceiling. (Fig 4)
5. Do the connection to the luminaire and close the quick connect box. (Fig 5)
6. **Remodel applications:** Do not require the hardwire box to be firmly secured after the mounting plates, studs, joists, or structural units that have been concealed. Snap off the hardwire tabs then insert into the ceiling. (Fig 4)
7. Push the spring clips upwards and push the luminaire into the cut hole of the ceiling. Release the spring clips and align the luminaire to sit properly over the ceiling cut hole. (Figs 6 - 7)
8. Switch on the supply breaker and turn on the luminaire.

Triac DIMMING (120V only): We recommended LED/CFL dimmers that have a low range adjustment dial. After all fixtures are connected to the dimmer, adjust the dial to the lowest position before the lights start to flicker or shut down. This setting depends on the local voltage and number of fixtures per dimmer. For a typical LED dimmer rated for 150W LED load the maximum number of fixtures per dimmer.

0-10V DIMMING (120-277V AC): The dimming control wires are Grey/Pink wire (dim-) and Purple wire (dim+). Please connect the 0-10V dimmer and the driver purple wire to purple wire and Grey/Pink wire to Grey/Pink wire with the supplied block.

WARNING: DO NOT USE ANY OTHER DRIVERS EXCEPT THE DRIVERS THAT ARE INCLUDED WITH THE FIXTURE. DO NOT CONNECT MULTIPLE FIXTURES TO ONE DRIVER. DO NOT OPEN THE LIGHT FIXTURE OR THE SIDE PLATES OF THE DRIVER - NO SERVICEABLE PARTS INSIDE.
