Mounting the Driver

- Select a suitable location that can provide adequate support for the weight of the driver.
- It is recommended to install the driver vertically for maximum heat dissipation.
- Install the driver in a well-ventilated area free from explosive gases and vapors.
- If you are installing more than one driver, keep at least a 6" distance between each other.

IMPORTANT Read all instructions before installing

WARNING: To avoid fire, shock, or death, turn the power off at the circuit breaks before wiring.

Wire Connections

With the power switched off, connect the wires according to the wiring diagram below.
